

ALLEN WOODS REPRESENTING SEACOLE RAILROAD CHEMICALS

PowerRail Distribution Inc. is dedicated to provide alternate solutions to the Rail Road industry at competitive pricing. The newest addition to our family is "Seacole C&H Chemical Line" which offers a Full Line of Locomotive "SOLVENT FREE" Eco-Friendly Engine Products, Degreasers and Cleaners. We are proactive in providing chemistries that eliminate hazardous waste and the subsequent environmental effect.

BIODEGRADABLE CHEMICAL LINE

850

Cooling System Corrosion Liquid Inhibitor

850 is a highly concentrated liquid, multi-metal safe corrosion inhibitor for use in engine cooling systems to protect from premature failure due to corrosion. 850 is packaged as a convenient liquid capable of being added directly into filler necks of cooling water systems. 850 dissolves instantly in water and will not freeze in cold weather months.

- Available Sizes: 5 Gallon Pails (850COR-5), 55 Gallon Drums (850COR-55), and 275 Gallon Totes(850COR-275)

RADIANCE

Cooling System Corrosion Inhibitor

Radiance is a highly concentrated liquid, multi-metal safe corrosion inhibitor for use in engine cooling systems to protect from premature failure due to corrosion. Radiance is packaged as a convenient liquid capable of being added directly into filler necks of cooling water systems. Radiance dissolves instantly in water and will not freeze in cold weather months. Radiance contains a concentrated, vivid tracer dye designed for detecting water leaks in water cooled engines.

- Available Sizes: 5 Gallon Pails, 55 Gallon Drums, 250 Gallon Totes, and 275 Gallon Totes

299 TRACER

Vivid Tracer Dye

299 Tracer is a highly concentrated, vivid tracer dye used for detecting water leaks in water-cooled engines for the Railroad and Heavy Equipment industries. 299 Tracer provides a vivid, visual means of seeing and detecting the location of water leaks in normal lighting. Visibility can be enhanced using a black light.

- Available Sizes: Boxes Containing 12 - 16 Oz. Bottles

288 TRACER

Vivid Tracer Dye

288 Tracer is a highly concentrated, vivid tracer dye used for detecting fuel leaks in diesel engines for the Railroad and Heavy Equipment industries. 288 Tracer provides a vivid, visual means of seeing and detecting the location of fuel leaks in normal lighting. Visibility can be enhanced using a black light.

- Available Sizes: Boxes Containing 4 - 16 Oz. Bottles, 15 - 2 Oz. Bottles, and 96 - 2 Oz. Bottles

810

Cooling System Corrosion Powder Inhibitor

810 is a powdered, multi-metal safe corrosion inhibitor for use in diesel engine cooling systems to protect from premature failure due to corrosion. 810 is a free-flowing powder capable of being added directly into filler necks of cooling water systems. 810 dissolves quickly in warm water and will not freeze in cold weather months. Fifteen pounds is sufficient to treat any common locomotive cooling system (275-350 gallons).

RUST INHIBITORS

571

Multi-Metal Safe In-Process Rust Inhibitor

571 is a highly concentrated liquid inorganic rust inhibitor engineered for all iron, steel, yellow and soft metal parts when additional corrosion, oxidation or rust protection is needed. 571 is specifically designed to provide in-process rust protection and short-term indoor part storage. 571 provides superior rust protection in wash and final rinse sections of all aqueous industrial parts washers from heated high-pressure spray cabinets & conveyORIZED systems to free standing manual and immersion type tanks.

- Available Sizes: 4x1 Gallon Cases, 5 Gallon Pails, and 55 Gallon Drums

577

Rust Inhibitor Additive – Liquid

577 Rust Inhibitor is a highly concentrated liquid inorganic rust inhibitor engineered for indoor storage for all iron and steel metal parts when additional corrosion, oxidation or rust protection is needed. 577 Rust Inhibitor is specifically designed to provide in-process rust protection of parts and for short-term part storage. 577 Rust Inhibitor provides superior rust protection in wash and final rinse sections of all aqueous industrial parts washers from heated high-pressure spray cabinet & conveyORIZED systems to free standing manual and immersion type tanks. 577 is compatible with most alkaline compounds when simultaneously used.

- Available Sizes: 1, 5, 55, or 275 Gallon Packages

573

Long-Term Outdoor Rust Preventative Coating

573 is a pigmented solvent based rust proofing compound designed for long term outdoor storage of metal parts. 573 is easily applied and removed and provides a transparent film with up to a year of outdoor rust protection.

- Available Sizes: 5 Gallon Pails and 55 Gallon Drums

LOCOMOTIVE EXTERIOR WASH

BREAK

Ready-To-Use All Purpose Spray and Wipe Cleaner

Break is a premium quality, ready-to-use liquid spray formulated for general cleaning of all hard surfaces. Break is capable of cleaning everything found in the office, factory, shop, vehicle, bathroom, and kitchen. Break's enhanced grease cutting formula is often effective without scrubbing, just spray and wipe clean. Break removes greases, oils, inks, some aerosol paints, and some non-resistant enamel paints. It is harmless to automotive paints, commercially applied equipment paints, and cured latex wall paints in normal use. If in doubt, test in a small area to insure compatibility.

- Available Sizes: 12 X 32 Fl Oz. Cases, 4 X 1 Gallon Cases, and a 5 Gallon Bag-N-Box

Allen Woods & Associates

2515 Clearbrook Drive Arlington Heights, IL 60005 – 847-806-4000 – Fax: 847-806-4010

TOTAL

Railroad Detergent / Degreaser

Total is an aluminum safe, high pH, multipurpose degreaser and detergent engineered to attack grease, grime, soil or any other unwanted contaminants associated with cleaning. Total is a medium duty, super concentrated, non-butyl formula capable of cleaning and degreasing everything from hard-surface concrete shop floors & walls, to industrial equipment, to locomotive rail cars. Total is safe to use anywhere water is tolerable.

- Available Sizes: 1 Gallon Bottles, 5 Gallon Pails, 55 Gallon Drums, and 275 Gallon Totes

TOTAL B

Heavy-Duty Liquid Detergent / Degreaser

Total B is an aluminum safe, high pH, multipurpose degreaser and detergent engineered to attack grease, grime, soil or any other unwanted contaminants associated with cleaning. Total B is a heavy duty, super concentrated, non-butyl formulation capable of cleaning and degreasing everything from hard-surface concrete shop floors & walls, to industrial equipment and machinery, to company vehicles. Total B is Seacole's most powerful multi-metal safe water based detergent that can be used anywhere water can be tolerated.

- Available Sizes: 1 Gallon Bottles, 5 Gallon Pails, 55 Gallon Drums, and 275 Gallon Totes

PARTS WASHING – ALUMINUM SAFE

SPRAYDET 14 EX

Multi-Metal Safe Spray Cabinet Detergent

Spraydet 14EX is a highly concentrated, multi-metal safe, alkaline powdered detergent engineered to produce superior cleaning results for aqueous process parts cleaning. Spraydet 14EX performs in all solvent-free, aqueous industrial parts washers from heated high-pressure spray cabinet, conveyor systems, and immersion type tanks.

- Available Sizes: 50 Pound Pails, and 450 Pound Drums

SPRAYDET EL

Multi-Metal Safe Spray Cabinet Detergent

SPRAYDET EL is a Highly Concentrated, ALUMINUM SAFE, Liquid Inhibited Alkaline Detergent engineered to produce superior cleaning results for the removal of the toughest contaminants on all metal & plastic surfaces. SPRAYDET EL performs in all SOLVENT-FREE, aqueous industrial parts washers from heated high-pressure spray cabinet & conveyor systems to free standing manual and immersion type tanks.

- Available Sizes: 5 Gallon Pails, 55 Gallon Drums, and 275 Gallon One-Way Totes

AQUA UL

Multi-Metal Safe Ultrasonic Cleaner

Aqua UL is a highly concentrated, aluminum safe, liquid alkaline detergent engineered specifically for ultrasonic cleaning of the toughest contaminants on all metal and plastic surfaces. Aqua UL produces superior cleaning results on ferrous and non-ferrous parts. Aqua UL is capable of cleaning the smallest cavities, worm tracks or blind holes, found in transmission valve bodies.

- Available Sizes: 1 Gallon Bottles, 5 Gallon Pails, and 55 Gallon Drums

Allen Woods & Associates

2515 Clearbrook Drive Arlington Heights, IL 60005 – 847-806-4000 – Fax: 847-806-4010

PARTS WASHING – STEEL SAFE

ACTION CLEANER

Heavy Duty Biodegradable Cleaner - Liquid

ACTION CLEANER is a premium quality, heavy duty biodegradable liquid detergent with butyl for cleaning all hard surfaces. ACTION CLEANER is specifically formulated to clean oily residues and sooty grime found in industrial kitchen, factories, bathrooms, and offices. SEACOLE C&H BREAK is virtually safe on all hard surfaces including: machinery, painted surfaces, wallpaper, counters, desks, and industrial fixtures. ACTION CLEANER is biodegradable and environmentally friendly.

- Available Sizes: 5 Gallon Pails and 55 Gallon Drums

AQUA SOLVE II

Heated Fountain Style Parts Washer Detergent - Liquid

SPRAYDET AQUA SOLV II is an ALUMINUM SAFE, pH Neutral, Liquid Detergent engineered to be specifically used in manual types of fountain style aqueous parts washers or "Sink on a Drum" type units to produce superior cleaning results for the removal of the toughest contaminants.

- Available Sizes: 1, 5, and 55 Gallon Packages

SPRAYDET RS

Ferrous Metals Recirculating Detergent - Powder

SPRAYDET RS is a Highly Alkaline Powdered Detergent engineered to produce superior cleaning results for the removal of the toughest contaminants on all FERROUS metal surfaces. SPRAYDET RS is a powerful rust stripper that provides a one-step cleaning process that eliminates acid pickling, neutralizing, and rinsing steps. SPRAYDET RS performs in all SOLVENT-FREE, aqueous industrial parts washers from heated high-pressure spray cabinet, conveyor systems, and immersion type tanks.

- Available Sizes: 5 Gallon Pails, 55 Gallon Drums, and 275 Gallon One-Way Totes

BIODEGRADABLE CHEMICAL LINE

DEFOAMER O

Anti/Foam Additive - Liquid

SPRAYDET DEFOAMER O is a Highly Concentrated, Non-Silicone, Liquid Foam Suppressant that is compatible and used with all SPRAYDET detergents when additional foam control is necessary. SPRAYDET DEFOAMER O is specifically designed to quickly eliminate foaming caused by certain equipment types & designs, water quality, types of soils being cleaned and heavy soil loading. SPRAYDET DEFOAMER O provides superior foam control in wash and rinse sections of all aqueous industrial parts washers.

- Available Sizes: 1, 5, and 55 Gallon Packages

DIRTBUSTER KIT

Heavy-Duty Liquid Detergent / Degreaser

Dirt Buster is an aluminum safe, high pH, multipurpose degreaser and detergent engineered to attack grease, grime, soil or any other unwanted contaminants associated with cleaning. Dirt Buster is a heavy duty, super concentrated chemistry capable of cleaning and degreasing everything from hard-surface concrete shop floors & walls, to industrial equipment, to company vehicles. Dirt Buster is safe to use anywhere water is tolerable.

- Available Sizes: EZ Kit. Contents Include 2 - 2.5 Gallon Jugs

Allen Woods & Associates

2515 Clearbrook Drive Arlington Heights, IL 60005 – 847-806-4000 – Fax: 847-806-4010

EZ SPREAD ICE MELT

Powdered Ice Melt

EZ Spread Ice Melt is a fast, effective calcium chloride based ice melt conveniently packaged in a safety oriented dispensing bag eliminating aggravating scooping and heavy lifting.

- Available Sizes: Boxes Containing 4 - 10 Pound Bags. One Pallet Contains 160 Bags

BIOGUARD PLUS 6

Biocide and Multifunctional Diesel Fuel Additive

The only EPA registered fuel microbiocide containing a multifunctional premium diesel additive. Contains BioGuard™ microbiocide to prevent microbial contamination and fuel filter plugging. Formulated with Diesel Guard™ to help prevent ultra low sulfur diesel and biodiesel related problems and significantly improve heavy-duty diesel engine performance. Helps reduce fuel consumption, smoke, soot, odor and harmful exhaust emissions.

- Available Sizes: Bulk, Totes, 55 Gal., 1 Gal. and Quart Containers.

SEASONAL PRODUCTS

688S

Chemical / Portable Toilet Odor Control Additive

688S is a ready-to-use liquid odor control agent for summer use in chemical toilets on airplane, train, RV, bus and portable toilet applications.

- Available Sizes: 5 Gallon Pails, 55 Gallon Drums, and 275 Gallon Totes

688W

Chemical / Portable Toilet Odor Control Additive with Antifreeze

688W is a ready-to-use liquid odor control agent containing antifreeze for winter use in chemical toilets on airplane, train, RV, bus and portable toilet applications.

- Available Sizes: 5 Gallon Pails, 55 Gallon Drums, and 275 Gallon Totes
