

## ALLEN WOODS/TRANSBRITE PRODUCT CATALOG

SERVING THE TRANSMISSION AND REMANUFACTURING SHOPS WITH SOLUTIONS TO YOUR PARTS WASHING AND CLEANING OBJECTIVES!

**High Quality Detergents  
Specifically Engineered for the  
Transmission, Torque Converter,  
Engine & Powertrain  
REMANUFACTURER & REBUILDER**

[www.transbrite.com](http://www.transbrite.com)

## TRANSBRITE Detergents are geared towards helping remanufacturers and rebuilders improve their Parts-Cleaning

- Our expertly designed products are designed to **ELIMINATE** the use for Labor-Intensive, Expensive and Environmentally Dangerous Solvents.
- The formulation of our chemistry allows the Bath-Life in your Parts Washer to **LAST LONGER**. Saving money on water & detergent!
- Formulated with **ADVANCED Anti-Foam & Corrosion/Rust Prevention Technology**.
- Our Detergents **IMPROVE** sediment testing on cleaned parts! Leaving them Bright and Residue free!
- TRANSBRITE Products are used by companies like GE Transportation and Caterpillar!

**CALL TO ORDER!**

**1-847-806-4000 – Fax: 1-847-806-4010**

## How TRANSBRITE Detergents can Benefit your Parts Cleaning Processes

- **All-In-One Cleaning Packages Designed to Enhance your Parts Cleaning Processes!**
  - o Multi-Metal Safe Detergents
  - o Ferrous Metal-Only Detergents
  - o Advanced Rust Inhibitors
  - o Corrosion Protection Additives
  - o Highly Concentrated Floor/Equipment Cleaners
- **Expertise Technical Assistant to Maximize Cleaning Processes**
  - o Working with you to develop solutions directed towards your Cleaning Objectives
  - o Excellent customer support for continuing effort in helping you take full advantage of our TRANSBRITE Detergents
- **Offer Chemistries that are Environmentally Safe and Solvent-Free**
  - o Eliminate the use of harmful solvents that contain VOC's which harm the environment

## TRANSBRITE can be used in Applications Including

Front and Top-Load Cabinet Washers  
Pass Through and Conveyor Washers  
Manual or Automatic Immersion  
Agitated Dip Tanks  
Ultrasonic Machines  
Floor Scrubbers  
Foam Generators  
Pressure Washers  
Mop and Bucket Applications

## The Benefits of TRANSBRITE Detergents

- Designed and formulated to exceed part cleanliness with environmentally-friendly cleaning processes
- Reduce cleaning costs with highly concentrated chemistries for longer lasting efficient cleaning
- Additional additives for effective cleaning of the toughest grease, dirt, and rust
- Detergents specifically designed for optimal cleaning performance
- Used by some of the most well know remanufacturing companies including Caterpillar, GE Transportation and Dynamic Manufacturing

### Our TRANSBRITE Products Include:

- Aqueous-Safe Multi-Metal Detergents**  
TRANSBRITE 9000 & 7000
- Ferrous Metal Only Detergents**  
TRANSBRITE 3000 & 1000
- Detergents Additives for Excess Foam & Rust**  
TRANSBRITE FoamFree & RustFREE
- Ultrasonic Cleaning Detergents**  
TRANSBRITE UltraSONIC
- Highly Concentrated Floor & Equipment Cleaners**  
TRANSBRITE DirtBUSTER AND FloorCLEAN
- Heavy-Duty Hand Soap**  
TRANSBRITE HandCLEAN

### Industries Served

**Transmission Repair**  
**Heavy Equipment Remanufacturing**  
**Auto Repair Companies**  
**Automotive Rebuilders**  
**Truck and Bus Rebuilders**  
**Industrial Parts Manufacturing**  
**Aerospace Manufacturing**  
**Small Engine Repair**  
**Small Parts Manufacturing**  
**Among Many Others!**

### Why Choose TRANSBRITE

At TRANSBRITE, our mission is to treat each customer with the same objective of helping exceed parts cleanliness with our expertise and industry leading parts washing detergents. From learning about your business and what you are trying to accomplish, to finding the right solutions to maximize cleanliness while reducing your costs, we strive to deliver opportunities to help your business succeed with environmentally-safe chemistries to enhance your parts washing processes! Please call 1-847-806-4000 or email us at sales@transbrite.com so we can understand your parts washing objectives and find the right solutions for a cleaner business and a greener world!

# PRODUCT GUIDE

**HIGH QUALITY DETERGENTS** Specifically Engineered for the Transmission, Torque Converter, Engine & Powertrain  
**REMANUFACTURER & REBUILDER**

## TRANSBRITE 9000 - Aluminum & Multi-Metal Safe Liquid Detergent

TRANSBRITE 9000 is a Highly Concentrated, ALUMINUM SAFE, Liquid Inhibited Alkaline Detergent engineered to produce superior cleaning results for the removal of the toughest automotive contaminants on all metal & plastic surfaces. TRANSBRITE 9000 performs in all SOLVENT-FREE, aqueous industrial parts washers.

**Available Sizes:**

5 gallon pails, 55 gallon drums, and 275 gallon totes

- Contains NO VOC's, HAP's or Glycol Ethers and is Biodegradable and Environmentally Safe
- Formulated with Advanced Anti-Foam & Corrosion Inhibitor Technology
- Excellent Rinseability Leaving Parts Clean, Bright And Residue Free
- Aerospace qualified. Conforms to Boeing D6-17487, Douglas CSD#1 and AMS 1526B.

## TRANSBRITE 7000 - Aluminum & Multi-Metal Safe Powder Detergent

TRANSBRITE 7000 is an ALUMINUM SAFE, Inhibited Alkaline Powdered Detergent engineered to produce superior cleaning results for the removal of the toughest automotive contaminants on all metal & plastic surfaces. TRANSBRITE 7000 performs in all SOLVENT-FREE, aqueous industrial parts washers from heated high-pressure spray cabinet & conveyorized systems to free standing manual and immersion type tanks.

**Available Sizes:**

50 pound pails, 450 pound drums, and 2,000 SuperSec

- Environmentally Green by Eliminating the need for Cleaning Solvents
- Low VOC, Biodegradable and Environmentally Safe
- Formulated with Advanced Anti-Foam & Corrosion Inhibitor Technology
- Excellent Rinseability Leaving Parts Clean, Bright & Residue Free
- Will NOT Darken or turn Aluminum Black

## TRANSBRITE 5000 - Aluminum & Multi-Metal Safe Liquid Detergent

TRANSBRITE 5000 is a Highly Concentrated Surfactant Based, ALUMINUM & MULTIMETAL SAFE, Alkaline Liquid Detergent engineered to produce superior cleaning results for the removal of the toughest contaminants specifically synthetic lubricants, oils & greases, cosmoline & other rust protective coatings and other tenacious contaminants.

**Available Sizes:**

5 gallon pails, 55 gallon drums, and 275 gallon totes

- Quickly Removes Heavy Synthetic Lubricants, Oils & Greases, Cosmoline Protective Coatings, Carbon Deposits,
- Mil Oils & Other Soils Encountered in the Manufacturing and Maintenance Applications
- Safe for use on Aluminum, Brass, Copper, Iron, Plastic, Rubber & Steel
- Formulated with Advanced Anti-Foam & Corrosion & Rust Inhibitor Technology

## TRANSBRITE UltraSONIC - Aluminum & Multi-Metal Safe Ultrasonic Detergent

TRANSBRITE UltraSONIC is a Highly Concentrated, ALUMINUM SAFE, Liquid Alkaline Detergent engineered specifically for the ULTRASONIC cleaning of the toughest automotive contaminants on all metal & plastic surfaces. TRANSBRITE UltraSONIC produces superior cleaning results reaching into the smallest cavities, worm tracks or blind holes, found in transmission valve bodies and other powertrain components.

**Available Sizes:**

1 gallon bottles, 5 gallon pails, and 55 gallon drums

- Environmentally Green by Eliminating the need for Cleaning Solvents
- Biodegradable and Environmentally Safe
- Formulated with an Advanced Surfactant System that Inhibits the Redeposition of Contaminates
- Excellent Rinseability Leaving Parts Clean & Residue Free
- Provides Corrosion & Rust Protection for Short-Term Part Storage

## TRANSBRITE 3000

### Aluminum & Multi-Metal Safe Liquid Detergent

TRANSBRITE 3000 is a Highly Concentrated, FERROUS METAL ONLY, Alkaline Liquid Detergent engineered to produce superior cleaning results for the removal of the toughest contaminants on all ferrous metal surfaces including cast iron, iron & steel. TRANSBRITE 3000 is also a powerful paint & rust stripper that provides a one-step cleaning process eliminating acid pickling, neutralizing, and rinsing steps associated with process parts cleaning.

#### AVAILABLE SIZES:

5 gallon pails, 55 gallon drums, and 275 gallon totes

## TRANSBRITE 1000

### Aluminum & Multi-Metal Safe Powder Detergent

TRANSBRITE 1000 is a 100% Active, Highly Concentrated, FERROUS METAL ONLY, Alkaline Powdered Detergent engineered to produce superior cleaning results for the removal of the toughest contaminants on all ferrous metal surfaces including cast iron, iron & steel. TRANSBRITE 1000 is also a powerful paint & rust stripper that provides a one-step cleaning process eliminating acid pickling, neutralizing, and rinsing steps associated with process parts cleaning.

#### AVAILABLE SIZES:

50 pound pails and 500 pound drums

## TRANSBRITE RustFREE

### Spray Wash Inhibitor Additive

TRANSBRITE RustFREE is a Highly Concentrated Liquid Inorganic Rust Inhibitor engineered for all iron, steel, yellow and soft metal parts when additional corrosion, oxidation or rust protection is needed. TRANSBRITE RustFREE is specifically designed to provide in-process rust protection of parts and for short-term part storage.

#### AVAILABLE SIZES:

1 gallon bottles, 5 gallons pails, and 55 gallon drums

## TRANSBRITE FoamFREE

### Spray Wash Defoamer Additive

TRANSBRITE FoamFREE is a Highly Concentrated, Non-Silicone, Liquid Foam Suppressant that is compatible and used with all TRANSBRITE detergents when additional foam control is necessary. TRANSBRITE FoamFREE is designed to quickly eliminate foaming caused by certain equipment types & designs, water quality, types of soils being cleaned & heavy soil loading.

#### AVAILABLE SIZES:

1 gallon bottles, 5 gallon bottles, and 55 gallon drums

## TRANSBRITE TurboCHARGE

### Carbon Removal Additive

TRANSBRITE TurboCHARGE Additive is a Premium Quality Liquid Booster that is engineered to be used with all TRANSBRITE Detergents when additional carbon removal is necessary. TRANSBRITE TurboCHARGE is specifically designed to quickly and effectively attack and remove carbon byproducts produced by the combustion process, such as burnt on carbon, oil, grease, and all other contaminants.

#### AVAILABLE SIZES:

1 gallon bottles, 4x1 gallon cases, 5 gallon pails, 55 gallon drums

## TRANSBRITE SuperBREAK RTU

### Spray & Wipe Cleaner/Degreaser

TRANSBRITE SuperBREAK RTU is a Heavy-Duty, Multi-Purpose, Water-Based, Ready-To-Use Liquid Spray Cleaner/Degreaser formulated for the cleaning of all parts & surfaces not harmed by water. TRANSBRITE SuperBREAK RTU is capable of cleaning everything, from floors to ceilings, found in the manufacturing & remanufacturing/rebuilding environment. TRANSBRITE SuperBREAK RTU's enhanced grease cutting formula is often effective without scrubbing, just spray and wipe clean.

#### AVAILABLE SIZES:

12x32 fl oz. 4x1 gallon cases, 5 gallon bag-n-box, 55 gallon drums

## TRANSBRITE DirtBUSTER

### Heavy Duty Multi-Purpose Cleaner/Degreaser

TRANSBRITE DirtBUSTER is a Super Concentrated, Heavy Duty, Multi-Purpose, Alkaline Liquid Detergent capable of cleaning the toughest soils and contaminants associated with today's remanufacturer & rebuilder. TRANSBRITE DirtBUSTER is capable of cleaning and degreasing everything from hard-surface concrete shop floors & walls, to equipment, to company vehicles. As a concrete shop floor cleaner, TRANSBRITE DirtBUSTER will increase employee safety & production while decreasing slip-and-fall accidents and associated insurance costs.

#### AVAILABLE SIZES:

Super Concentrated Kits (makes 30 gallons of concentrate) and 55 gallon drums

## TRANSBRITE FloorCLEAN

### Heavy-Duty Powdered Floor Cleaner

TRANSBRITE FloorCLEAN is a Heavy Duty, High Ph, Low Foaming, Alkaline, Powdered Detergent capable of cleaning and degreasing the toughest soils and contaminants found on today's manufacturers', remanufacturers' & rebuilders' production shop floors. TRANSBRITE FloorCLEAN is a superior fast-acting shop floor cleaner that will increase employee safety & production while decreasing slip-and-fall accidents and their associated insurance costs.

#### AVAILABLE SIZES:

50 pound pails, 100 pound drums, and 400 pound drums

**Quality = People + Parts + Process**

PMW is more than just a name – Precision Metal Works represents everything a manufacturer should be. PMW designs everything exactly to your specifications, and builds them to perfection. Since 1983, PMW has supplied standard and custom parts cleaning systems for some of the biggest companies in the world. This equipment exceeds expectations in the most demanding environments imaginable. Used by the best, simply the best.

PMW offers complete customization of parts washers specifically designed to meet your cleaning objectives. In working with you, we are committed to excellence in from beginning to end to listen to your objectives, offer solutions, and design parts washers with optimal performance and capabilities.

**Please Call us at

**PMW Spray Wash  
Customers**

John Deere  
Kohler Generator  
Mead Paper  
Kimberly Clark  
Shell Oil  
Honeywell  
Caterpillar  
Komatsu  
Emerson Electric  
Rolls Royce  
U.S. Military  
Many other customers  
worldwide

**There are many things to worry about.  
With PMW, equipment is not one of  
them.**

In representing PMW, we play a supporting role in our customers' success stories. They have high-quality work to do and we make sure they have everything they need to get it done.

We know that if we help you find quality solutions, your product will reflect that quality. Using a PMW machine, quality is reality.

Call us at Allen Woods & Associates so we can assist you in making sure your customized washer is created to maximize your cleaning process and achieve the excellence you desire.

**Standard & Custom  
Systems & Washers**

Agitation Tank Washers  
Cabinet Spray Washers  
Conveyor Belt Washers  
Carousel Washers  
Dip Tank Washers  
Drum-Auger Washers  
Dunnage Washers  
Moving-Manifold Washers  
Pass-Thru Washers  
Top-Load Washers  
Product Specific Washers  
Rail-Fed Wheelset Washers  
Spray Immersion Washers  
You-Name-It Washers

## PMW 110

- **Working Height** - 18" under the spray bar. (28" opt'l.)
- **Capacity** - 300 lbs.
- **Size** - 52"H x 40"W x 34"D
- **Standard 550 lbs.**

## PMW 112

- **32" Work Height** - will accept any automotive block, cylinder head or transmission body in today's market.
- **500 lb. Capacity** - withstands multi-loading heads, blocks, transmission or parts.
- **Size** - 65"H x 52"W x 40"D
- **Standard 1100 lbs.**

## PMW 113

- **32" Work Height** - will accept any automotive block, cylinder head or transmission body in today's market.
- **500 lb. Capacity** - withstands multi-loading heads, blocks, transmissions or parts.
- **Size** - 65"H x 52"W x 46"D
- **Standard 1250 lbs.**
- **Other Sizes & Options available.**

## PMW 412

- **40" work height** - will accept any automotive block, cylinder head or transmission body in today's market
- **Size** - 78"H x 60"W x 61"D
- **Standard 1500 lbs.**
- **w/Soak Tank, 1700 lbs.**
- **Other Sizes & Options Available.**

## PMW 612

- **42" work height** - will accept any automotive block, cylinder head or transmission body in today's market.
- **Size** - 84"H x 72"W x 52"D
- **Standard 1850 lbs.**
- **Other Sizes & Options Available.**

## PMW 812

Make room for the super-duty cleaning machine – the PMW Model 812 Power Spray Washer. Many sizes and options available, including 36"-120" dia. turntable, 1,000-15,000 lb. capacity, 15-75 hp. pump motor, 24"-144" working height, fully insulated cabinet, 7-day timer, and much more

## PMW Custom-Designed Aqueous Parts Cleaning Systems

**HEAVY DUTY CONSTRUCTION**  
HEAVY = STRONG = DURABLE

**LARGER COMPONENTS**  
LARGER COMPONENTS = BETTER CLEANING

**QUALITY PRODUCTS FROM QUALITY PEOPLE!**

**DOOR MOUNTED TURNTABLES = BETTER USE OF SPACE**

# CUDA<sup>®</sup>

AQUEOUS PARTS WASHERS

**The Safe, *No-Solvent* Solution  
to Cleaning Parts *Automatically*.**

**PLEASE CALL US AT 1-847-806-4000  
TO REQUEST A QUOTE!**

## FRONT-LOAD AUTOMATIC PARTS WASHERS

Rugged, high-capacity Cuda Front Load Parts Washers use pressurized hot water and specialized industrial detergents to safely blast away dirt, grease and grime while you're doing more profitable work.

## TOP-LOAD AUTOMATIC PARTS WASHERS

Cuda Top-Load Parts Washers use pressurized hot water and specialized industrial detergents with rust inhibitors to clean parts automatically – increasing productivity and saving money while freeing your workers from nasty solvents and manual scrubbing.

Why waste time cleaning parts manually? With Cuda Automatic Parts Washers, you simply load the parts, close the lid and push START. A single parts washer can typically support three to four technicians or mechanics, who would otherwise spend hours washing parts by hand. Cuda lets them concentrate on more productive, income-producing jobs meaning your Cuda washer can pay for itself in a year or less.

**INDUSTRIES SERVED**  
Automotive  
Manufacturers  
Small Engine Repair  
Aerospace  
Printing Circuit  
Tool Repairs  
Marine

## A CUDA FOR EVERY APPLICATION

Whether the parts you're cleaning are big or small, wide or narrow, heavy or lightweight, Cuda has the automatic parts washer ideal for the job. With load capacities ranging from 500 lbs. to 5,000 lbs., Cuda's top-load and front-load models are the perfect solution for your parts cleaning applications.

## NO SOLVENTS

Solvents –along with their health risks and disposal problems—are a thing of the past. Replace your solvent tank with a Cuda parts washer and get a safer and better cleaning alternative.

# STILLClean

Our goal was to design a solvent recycling system that is **portable, easy to use, and affordable.**

**REDUCE WASTE**

**REDUCE SOLVENT COST**

**CLEAN SOLVENT ON DEMAND**

**SERVICE MULTIPLE MACHINES WITH ONE RECYCLER**

**RECLAIM AND REUSE VALUABLE OILS**

## STILLCLEAN BENEFITS

- Simple onsite solvent recycling
- Continuous clean, pure solvent
- Slash solvent service costs
- Slash hazardous waste disposal
- Lower your environmental liability
- Pays for itself

## STILLCLEAN FEATURES

- Actual distillation -- not filtration
- Small, light-weight and portable
- No troublesome and noisy vacuum pump
- ETL Listed to UL Standards 201 and 2208
- Use on multiple parts cleaners
- Pays for itself!

## WHY SHOULD I USE STILLCLEAN TO RECYCLE MY SOLVENTS

- Eliminate hazardous waste and expensive, unnecessary, service contracts with waste haulers
- Clean solvent means faster cleaning and cleaner parts
- Save money on solvent purchases and waste generator permits
- Lower your environmental liability
- Easy to use, move and set up your StillClean in a matter of minutes
- Processes solvents with flash points of 105°F to 150°F
- SAFETY: Recycle 24 hours a day, StillClean is ETL Listed to UL Standards 201 and 2208

[www.transbrite.com](http://www.transbrite.com)

847-806-4000 • fax 847-806-4010 • [www.allenwoods.com](http://www.allenwoods.com)

# STILLClean

Our goal was to design a solvent recycling system that is **portable, easy to use, and affordable.**

**Power requirements:** 110 volt, 5.4 Amps, 50/60 Hz  
**Compressed air:** 0.5 CFM @ 80 PSI minimum supply pressure  
**Clean solvent output:** Over 1 gallon per hour  
**Dry weight:** 29 pounds  
**Dimensions:** Height - 20"  
Left to Right – 12.25" Front to Back – 11.50"  
**Sound:** Well below OSHA's acceptable decibel levels.  
**Certifications:** ETL Listed to UL Standards 201 and 2208

## WHAT CAN STILLCLEAN DO FOR YOU

The StillClean is a portable, on site, solvent distillation system that will recycle the solvent in one or multiple parts washers for continuous use. StillClean uses actual distillation, not just simple filtration, giving you pure clean solvent for superior cleaning, all while allowing you to get away from costly solvent service contracts and helping to keep expenses associated with solvent purchases under control.

### Ziegler Caterpillar Bloomington, MN

We have 29 parts washers in our facility, we were generating 3,800 gallons of hazardous solvent per year, which was costing us a ridiculous amount of money in services, permits and training. We brought in 6 of the StillClean portable solvent recycling systems and we now produce no hazardous solvents whatsoever, our machines are clean when our guys need them and we were able to reduce our waste generator status with the state, saving money on permits. This is absolutely the way to go.

### ATC Oklahoma City, OK

We've installed multiple StillClean units in our facility and are recovering thousands of gallons of solvent per year

### Radax Industries, Inc. Webster, NY

I just wanted to thank you. Your machine is wonderful and it does just what I was told it would do. In less than 3 months it has paid for itself. If you develop anything else, please contact me.
